LEXINGTON COMMUNITY FOUNDATION 2022-2023 NORALL SCHOLARSHIP WINNERS

The Norall Scholarship Trust was established in 1998 with a gift from Dr. Lee Norall and is administered by the Lexington Community Foundation. The Trust provides scholarships to students from Dawson County with priority given to those pursuing a career in health care.

Graduates from Dawson County high schools who receive the Norall Scholarship are enrolled in a variety of post-secondary and graduate programs. Many have a goal to return to the Lexington area once their education is completed. Over the last 24 years, the Norall Scholarship selection committee has awarded \$373,375 to Dawson County graduates.

The Lexington Community Foundation is pleased to announce the Norall Scholarship Trust award winners for the 2022-2023 academic years.
